No. 6563-C/43. dated 16th December 1943.

Sir,

Sub: Cottage Industries - Development of pottery in
the Ceded districts - Opening of a training centre
at Harpanahalle - Proposals submitted.

During my tour of Bellary district in the month of November 1943, I visited among other places, Hospet and Harpanahalle and discussed with the Sub Collector, Hospet and some of the prominent citizens of these two towns, the needs of the village potter. I also inspected the articles made at these centres. I must say that the potters of these areas, can, with some assistance from Government, be enabled to produce better quality pottery to their own advantage and to the advantage of the village communities at large. I deputed the Ceramic Expert to the Hospet Division. He reports that suitable clays for production of glazed earthenware are available near Harpanahalle. He also reports that there are 4 families at Harpanahalli engaged in pottery and 4 families in toy making. In Teligi village, 13 miles from Harpanahalli there are 8 families making earthenware pots and Erabalu.

14 miles from Harpanahalli, 10 families make pots and toys from soapstone.

The Ceramic Expert has submitted a scheme for training a few potters at Harpanahalli.* A statement of expenditure involved is appended. In submitting his scheme he has observed as follows:-

"As things are now, the processes of making pots and toys are primitive and the products crude. There is considerable wastage of raw materials and fuel, apart from labour by way of breakages in the processes of drying and firing because of primitive methods employed. With the opening of a centre, the potters and toy manufacturers can be taught not only to avoid breakages and other wastage, but also how to produce better products with better colour, strength and durability; more attractive colours, more varieties and finally glazed articles. Better and fresh sources of materials can be brought to light. Water is available and firewood is cheap. People generally are enthusiastic to learn to make better and new articles"

*similar to that sanctioned by Government for the Cuddapah Centre.

I request that Government may be pleased to sanction the scheme at a very early date.

The Special Officer for Cottage Industries who has his headquarters at Cuddapah will supervise the work of the Demonstrator at Harpanahalli.

The Director of Industries and Commerce has proposed

the opening of a training centre in pottery at Harpanahalli in the Bellary District. ~~for a period of one year~~ the cost on account of the scheme is as follows

Estt.	Recurring - Rs	Non recurring - Rs
1 Demonstrator	5 71	Equipment 400
35-55 (Av 47 $\frac{4}{9}$) Deamers allowance @ Rs 9	1 08	
Wage of skilled and unskilled workmen	7 98	
Stipends	7 20	
Contingencies	21 57	
	6 50	
	<u>28 47</u>	

2. Two unskilled workmen are proposed at Rs. 15 p.m. ^{then} deamers allowance has not been provided for in the estimate, they are ^{it is presumed} eligible for it unless it is specifically stated otherwise. ~~that the pottery and the workmen proposed to be employed in connection with the unskilled workmen in the Cuddalore St sanctioned under the scheme will be paid from contingencies. If so, we may be 2063 Dec 8, 31 5 43, a sentence may be added to the effect that he paid at market rates after deducting the deamers allowance that the unskilled workmen may be paid at Rs 15 p.m + deamers (which may be paid separately) subject to the maximum of allowance at the existing market rate which is Rs 30 to the potter and Rs 15 each to the workmen.~~ (N)

3. The D. I & C has made a provision for stipends for four potters at a time ^{during training} for four months @ Rs 15 p.m. each. ~~Stipends are usually sanctioned to attract candidates for undergoing a training.~~ The Ceramic Expert has stated that people generally are enthusiastic to learn & make better and new articles. It pointed out by Dlv at 2nd up above it ^(In Karigiri of N. Madras) does not seem necessary to offer stipends. ~~and in the Malabar Dt where the pottery development scheme is being worked, no stipends have been sanctioned.~~ (M) B

4. A proposal of this kind should normally be brought forward as a Part of scheme. If Dlv. considers that

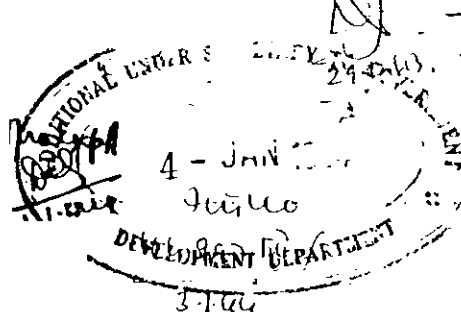

we have already objected to the grant of stipends in the scheme in Govt. dt. (M) B

A

the scheme is so urgent that it should be given effect to in the current year itself. orders in circulation including A1 may be obtained. In that case, the scheme may be

ADD A.S.

This file deals with the proposal

of the DDC for starting a pottery training Centre at Harpanahalli in the Bellary DC.

p 1-3 cf.

The proposal is in pursuance of the scheme to develop pottery on intensive lines in the Ceded districts, for which a Special Officer was appointed in G.O. No 660 Dev d 28.4.43. A training Centre for ceramic training at Cuddalore was

p 12-14 (M)

With reference to the objections raised by the Finance Dept. in their notes at pp 2-3 above regarding the payment of stipends to 4 potters at Rs 15/- per m, it is submitted that apart from the demonstration at Karigini in the N.A. DC, the opinion of the DDC would appear to be that the local conditions in the Ceded DS (and in Guntoor) require the payment of stipends to the villagers both to local

them from their primitive methods of manufacturing
 Village pottery. The suggestion at para 2 on p 2 above
 regarding the payment of wages to the ^{skilled} Potter and the
 workman may be accepted. The proposal involves
 a non recurring expenditure of Rs 400/- and a recurring
 expenditure not exceeding Rs 2847/-. It is for consideration
 whether the Com. will be circulated for approval of the
 proposal of the D.D.C.
